Total marks — 90

Attempt ALL questions.

You may use a calculator.

All dimensions are in mm.

All technical sketches and drawings use third angle projection.

You may use rulers, compasses or trammels for measuring.

In all questions you may use sketches and annotations to support your answer if you wish.

Write your answers clearly in the spaces provided in this booklet. Additional space for answers is provided at the end of this booklet. If you use this space you must clearly identify the question number you are attempting.

Use blue or black ink.

Before leaving the examination room you must give this booklet to the Invigilator; if you do not, you may lose all the marks for this paper.

Total marks — 90 **Attempt ALL questions**

Refer to supplementary sheet 1 for use with question 1.

| 1. | A w | ebpage for a bike company is shown on supplementary sheet 1. |
|----|-----|---|
| | (a) | Describe four design elements or principles that have been used to make the webpage easy to navigate . |
| | | Do not repeat any design element or principle. |
| | | Do not refer to dynamic effects in your answer. |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |
| | | |

(continued)

Jpg images were used for the background of the webpage.

Image 1 Image 2

|) | Explain, giving two reasons, why the jpg file type was used. |
|---|--|
| | |
| | |
| | |
| | |
| | |
| | |
| | |
| | Describe how the use of depth of field and rule of thirds have enhanced the visual impact of images 1 and 2. |
| | |
| | |
| | |
| | |
| | |
| | |
| | |

(continued)

The company website allows users to customise bikes using vrml.

(d) Describe, giving two examples, how the vrml file format supports bike customisation.

2

2

The company logo is shown below.

| (e) | Describe, giving two examples, how dynamic effects have been used in the logo. |

A travel company is producing a series of retro posters to celebrate their upcoming anniversary event.

- (a) To produce the graphics within each of the posters shown, a graphic designer used two methods.
 - Method 1: Creating digital sketches and vectors before exporting the resulting images.
 - Method 2: Sourcing and editing online photo library images.
 - (i) Describe two advantages of using method 1. 2 2 (ii) Describe two **disadvantages** of using method 2.
